Subject to the limitations below, BRIG U.S.A., LLC (the "Manufacturer") warrants from the original date of purchase of a properly registered BRIG boat, manufactured by the Manufacturer, provided it is purchased in an authorized retail sales transaction directly from the Manufacturer or an authorized dealer/retailer. This Warranty runs to the original retail purchaser ("Owner") who is properly registered by the applicable dealer/retailer for the Product and limited warranty. Manufacturer warrants that it will repair or replace the following items: A. **Fabric Warranty:**

The Chlorosulfonated Polyethylene (CSM) coated fabric is warranted for a period of five (5) years against porosity deterioration affecting serviceability. This Limited Warranty coverage EXCLUDES discoloration, puncture, fading, dulling, crazing, tearing, ripping, cracking, abrasion, chaffing, damage or deterioration due to UV exposure, damage or deterioration due to exposure to fuel, harsh solvents or other chemicals, negligence, misuse, accident and ordinary wear and tear. B. **Fiberglass hull Warranty:** The composite of fiberglass hulls is warranted for five (5) years against structural defects in materials and workmanship. This warranty EXCLUDES the surface finish such as blistering or discoloration, or any damage due to misuse, abuse, improper operation, negligence and ordinary wear and tear. C. **Seams Warranty:** The air holding seams of the inflatable tube are warranted for five (5) years against separation and subsequent seam leaks. The Owner is expected to check and properly maintain the correct inflation pressure before using the BRIG. D. **Valves Warranty:** The inflation valves and tube seams are warranted for five (5) years against defects in materials and workmanship. This warranty EXCLUDES ordinary wear and tear, negligence, and damage by improper inflation techniques, improper storage or maintenance. E. **Accessories/ auxiliary fittings Warranty:** Components manufactured and installed by the Manufacturer to the BRIG boat at the factory are warranted from defects in material and workmanship for one (1) year. This warranty EXCLUDES any painted or finished surface. Third party manufacturer equipment installed on BRIG boats will be covered by a separate third-party manufacturer's warranty and Manufacturer does not warrant third party manufactured equipment, which is excluded from this Limited Warranty. Notwithstanding the foregoing stated time periods, the warranty period for all items warranted under this Limited Warranty for BRIGs used for commercial, non-profit and/or governmental use will be one (1) year only. Repaired or replaced items shall be warranted as provided herein for the remainder of the applicable warranty period. Defective parts or components that are replaced will thereafter become the Manufacturer's property. The Owner must fully cooperate with the Manufacturer and/or an authorized dealer/retailer to allow repair or replacement as provided above, failing which cooperation this Limited Warranty is null and void. The Manufacturer's obligation is solely and exclusively limited to repairing or replacing, at its option, any covered items found to be defective at a facility designated by the Manufacturer. The foregoing is the Owner's SOLE and EXCLUSIVE REMEDY. Routine maintenance must be performed properly and timely in order to maintain warranty coverage and not have it voided, included, but not limited, to the following: (x) *hull and seats:* no part of the hull or seats can be waxed, painted or cleaned with solvents; only a mild detergent and tap water should be used; (y) do not store or handle the boat in extremely cold temperatures; bright colors may fade when exposed to sunlight for prolonged periods; (z) the boat should be stored in a safe, clean, dry and covered area when not in use; (aa) *inflatable tube:* for long term, or winter storage, you should rinse the boat's tubes with a mild detergent and tap water; do not store the boat in direct sunlight or in contact with sharp or abrasive objects; if you store the boat with the tube inflated, you must release some air pressure so the tube is not inflated to its maximum capacity.

In addition to exclusions that have been mentioned above or elsewhere in this Limited Warranty, the following items are excluded by this Limited Warranty: A. Any minor damage, including, but not limited to, gelcoat grazing or blistering, normal discoloration or fading, dulling or crazing of the fabric. B. Any abrasions, tears, or punctures; C. fuel, harsh solvents, or other chemicals; D. Any damage due to shipping, warehousing or storage; E. Any damage to the BRIG due to negligence, accident, misuse, abuse, improper operation, racing competition, commercial use, unauthorized alteration (unless authorized in writing), unauthorized modification (unless authorized in writing) (including, but not limited to, installing engines larger than the Max HP, as determined by the Manufacturer, or modifying the hull or structural integrity of the BRIG, both of which will immediately void the remainder of the Limited Warranty), unauthorized repair (unless authorized in writing) improper or careless operation, improper tailoring, grounding, collision, fire, theft, vandalism, riot, explosion, or objects striking the BRIG, improper maintenance or lack of maintenance, improper storage, hurricane conditions or other extreme forces of nature, military or paramilitary operations, racing, or use in violation of Federal, State, or other governmental laws, regulations, or rules. Any work performed on a BRIG at an unauthorized service station or without the Manufacturer's prior written approval, will void the remainder of the Limited Warranty. K. Freight, delivery, storage or other similar charges. L. Third party manufacturer equipment installed on the BRIG (such as the engine and electronics) carry their own individual warranties provided by their respective manufacturers. In such cases, any warranty claims regarding those parts must be directed to those manufactures and not to the Manufacturer. The Owner/purchaser shall look exclusively to these manufacturers for any and all such warranty claims. K. In addition to the preceding list of excluded items, the Owner should note that if the Owner has a boat engine installed on a BRIG boat that is larger than the engine size rated by the U.S. Coast Guard for the particular boat, then such engine will be excluded from this Warranty and this Warranty will be immediately rendered null and void with respect to such engine and any fault arising from or relating to such engine; notwithstanding whether the installation of such engine is performed by BRIG or a third party. For avoidance of doubt, BRIG, by agreeing to install, or performing the installation of, a boat engine larger than the engine size rated by the U.S. Coast Guard for a particular boat at the Owner's request, is not authorizing the alteration, modification or unauthorized repair of the boat for purposes of such engine being covered under this Warranty and (whether installed by BRIG or a third party) such engine is expressly excluded from coverage under this Warranty.

3. TRANSFERABILITY & EFFECTIVE DATES AND CONDITIONS. This Limited Warranty becomes effective on the date of sale provided that the applicable dealer/retailer registers the sale and product in the Manufacturer's designated program for such registration (currently, DealersCircle), no later than fifteen (15) days from the date of purchase. This Limited Warranty is only transferable to another owner (the "New

Owner”) provided that the original registration is on file with the Manufacturer and that: (i) the New Owner purchases the product from an authorized dealer/ retailer; and/or (ii) an authorized dealer/retailer properly registers the transfer of the product to the New Owner in the Manufacturer’s designated program for such registration (currently, DealersCircle). The warranty transferred to a New Owner is prorated in time with respect to the time of original purchase. Nothing in this Limited Warranty will extend in any way the time periods provided in this Limited Warranty, included, but not limited to, the warranty periods provided in Section 1 herein. All warranty claims must be made through an authorized BRIG dealer/retailer NO LATER than the thirtieth (30th) day from the date of discovery of the defect. The Owner must thereafter provide all information necessary to allow the Manufacturer and/or the authorized dealer/retailer to verify compliance with these requirements. An authorized Manufacturer’s representative may make an inspection after receipt of the claim. The following charges will not be covered by Manufacturer, are excluded from this Limited Warranty, and are to be paid solely by Owner: (a) Freight and transport charges, where applicable, incurred in shipping a BRIG to be repaired or replaced; and (b) haul-out, launching, or storage charges. The Manufacturer shall have a reasonable time to make any repair or replacement. The Manufacturer reserves the right to make changes in the design and materials of BRIGs without incurring any obligation to incorporate such changes in units already completed or in hands of dealers or consumers. The Manufacturer does not authorize its dealers, repair stations or any other person to assume for it any other liability in connection with the sale of BRIGs. The Federal Safety Act of 1971 provides for defect notification to the first purchaser. Failure to register your purchase with the Manufacturer constitutes waiver of the right to defect notification and voids the Limited Warranty. DEMAND THAT THE DEALER/ RETAILER COMPLETES YOUR REGISTRATION BY SENDING THE REQUIRED DOCUMENTATION TO THE MANUFACTURER. If you are unable to locate an authorized BRIG dealer/retailer, please contact: BRIG USA at office@siroccomarine.com.

4. MISCELLANEOUS. No modification to or waiver under this Limited Warranty will be valid unless in writing and signed by a duly authorized Manufacturer’s officer. To the extent permitted by law, jurisdiction and venue will be solely and exclusively in Broward County, Florida, and Florida law, excluding its principles of conflicts of laws, will apply. Unless prohibited by applicable state law, legal claims relating to any alleged problem with this BRIG will be barred unless suit is commenced within one (1) year from the date the cause of action accrues, regardless of the time remaining in the applicable warranty period. The invalidity or unenforceability of any one or more provisions herein will not affect the validity or enforceability of the other provisions.
